

MoVal Southern Property Sale:

Motion: To sell the southern part of the Camp MoVal property.

Background: The southern property of Camp MoVal, also known as Camp Tambo, which has history of providing camp to African American children from UP (Unleashing Potential) formerly Neighborhood Houses. This land currently has not been used for more than 7 years and will require high-dollar renovations in order to ever be used again. The southern property will require expensive fees to be paid in 2020, which seems illogical to pay land fees for unusable property.
