

## Ambassadors Report

Currently there are 11 ambassadors in the Western Association, 3 in the Eastern Association and one in the St. Louis Association. Each has been visiting 2-3 churches twice a year to bring greetings and news from the conference. We get together by conference call each quarter. Most churches visited appreciate the opportunity to interact with a representative of the conference.

Last year they also delivered 5 for 5 certificates.

We are hoping to increase the numbers in the Eastern and St. Louis Association. If you feel called to this ministry please contact me.
